Georgia Council of Teachers of Mathematics
An Affiliate of the National Council of Teachers of Mathematics
GCTM Tax ID# 58-2357438

February 9, 2023

Dear Sponsors:

The Georgia Council of Teachers of Mathematics will again sponsor the Georgia Mathematics Conference (GMC) at the Rock Eagle 4-H Center, north of Eatonton, Georgia, on October 18-20, 2023. Conference attendance typically averages around 1,100 educators, spanning Pre-Kindergarten through Post-secondary grade levels.

The GMC Board is presently organizing the 2023 conference, and therefore we are extending an opportunity to all interested sponsors to reserve space in the exhibit hall. General sponsor information is provided in the table below. Attached to this letter, you will also find the Registration Form, Sponsor Door Prize Donation Form, Shipping Information, and Program Ad Sales Form.

Sponsors who propose to make a presentation during vending hours are asked not to present in the afternoons, as it interferes with closing time. **The GMC Board asks that all vendors adhere to exhibit hall hours and attend the entire conference so all participants of the conference may take full advantage of the time allotted to view the products.**

Sincerely,
Benita Brock
Director of Exhibits
Georgia Mathematics Conference Board

P.S. First-Timer Session Sponsorship: We have two sessions for first time conference participants and like to provide them with "goody bags." Please consider making donations for these early career teachers and college students. Contact me benita.brock@gctm.org if you're interested.

2023 Georgia Mathematics Conference Tiered Sponsorship Levels
